RE: WC Docket No. 18-304 – CenturyLink QC¹ Public Notice of Copper Retirements
Under Rules 51.325 – 51.335; No. 816 – Amendment to September 28, 2018
Public Notice Filing

Dear Ms. Dortch:

On September 28, 2018, pursuant to Rules 51.325 – 51.335, CenturyLink submitted Public Notice No. 816 for Qwest Corporation for copper retirements associated with wire centers in Forest Lake and Park Row, Minnesota (involving road moves requiring adjustments in Outside Plant). By today's filing, CenturyLink is amending its submission to update the Rule 51.329(a) Certification that was included with its Public Notice.

The Rule 51.329(a) Certification attached to today's submission notes that CenturyLink's Public Notice, as also hot linked to its website (<http://qwest.centurylink.com/disclosures/>), was updated on October 4, 2018 to correctly reference the Forest Lake and Park Row, Minnesota wire centers (earlier, the website version of its Public Notice had incorrectly referred to two wire centers not associated with No. 816). All other information included with the Public Notice hot linked to CenturyLink's website (including the January 5, 2019 implementation date) remains the same.²

¹ Qwest Corporation, the local exchange carrier, is wholly owned by Qwest Communications International Inc. (QCII). On April 1, 2011, QCII and CenturyLink, Inc. (CenturyLink) consummated a transaction whereby QCII became a wholly owned subsidiary of CenturyLink. Qwest Corporation is also referred to herein as CenturyLink QC.

² The copy of the Public Notice for No. 816 that was uploaded on September 28, 2018 via the FCC's Electronic Comment Filing System was correct regarding the references it contained to the Forest Lake and Park Row, Minnesota wire centers, and thus today's amendment filing makes no change to that submission (a copy of the Public Notice filed on September 28, 2018 for No. 816 is also attached to today's filing).

Marlene H. Dortch, Secretary
